# BC Vehicle Bill of Sale — private sale record

## 1. Seller, buyer and identified vehicle

On 2026-11-01, Alex Fictional Example, of 100 Example Street, Victoria BC (Seller), agrees to sell to Sam Fictional Sample, of 200 Sample Avenue, Victoria BC (Buyer), the following used vehicle:

- Model year/make/model/trim: 2016, Example, Compact, Base.
- VIN, copied from the vehicle and checked against registration: 1EXAMPLE234567890.
- Colour and BC registration identifier: Blue; EXAMPLE-REG-ONLY.
- Odometer displayed: 142000 km, recorded 2026-11-01T10:00:00-08:00. Seller's known odometer qualifications or discrepancies: Displayed reading; hypothetical facts only.
- Included keys, accessories and other items: Two keys and floor mats. Excluded items: Seller plates and roof carrier.

## 2. Price, payment and handover

The agreed vehicle price is CAD 6500.00. This draft provides no tax exemption or total-tax calculation; any tax, insurance, registration or broker charges required by law are handled through the applicable official process and are not falsely recorded as part of a reduced purchase price.

Payment is by Cleared funds verified separately at Example broker meeting location, Victoria BC on 2026-11-04T14:00:00-08:00. Full cleared payment and handover are concurrent. Seller will give a payment receipt, the agreed keys/items and the required signed registration/transfer documents as applicable. Neither party should sign a receipt stating payment has been received before it actually has.

As between the parties, their intention is for ownership and risk of accidental physical loss to pass when full payment is received and the vehicle is physically handed over. This does not replace official registration, lawful insurance, permission to drive or responsibility for a party's own breach. Seller removes its plates and retains/cancels/transfers its insurance as directed by the applicable official process. Buyer must arrange lawful registration/insurance or lawful transport before operating the vehicle.

## 3. Authority, security interests and known facts

Seller represents that Seller is the registered owner with authority to sell, has not sold the vehicle to anyone else and, after making reasonable checks, is not aware of any undisclosed loan/security interest, lien, ownership dispute or right preventing the sale. Disclosed issues: None known in this fictional scenario. Any outstanding lien, uncertain ownership or unresolved payout is outside this draft; stop before payment and obtain appropriate professional help.

The parties' recorded ownership/security-check evidence and dates are Fictional dated registry/history references, not real checks. A search is evidence with scope/date limitations, not a guarantee that every possible claim is absent. No private statement here discharges a lender's interest.

Seller's known material condition, collision/damage, repair, use and status facts are Bumper scrape and tire wear; unknown history not verified. Supporting records supplied are Fictional service receipts. Seller does not represent unknown facts as verified, and no false accident-free statement should be inserted merely because there is no record in hand.

## 4. Inspection and condition agreement

Buyer arranged an independent inspection by Example Independent Garage on 2026-11-02; report reference and matters to address: Fictional report notes tire wear. Seller will complete only these agreed pre-handover actions: None; tire wear disclosed. Unresolved required actions stop completion.

The price reflects the recorded used condition and specifically disclosed defects. This document makes no additional promise of mechanical fitness or remaining useful life beyond the express promises actually recorded in Two keys supplied at handover; no additional mechanical promise and rights applicable under law. It does not excuse fraud, concealment or inaccurate representations, transfer stolen property, waive title protections or purport to exclude all statutory warranties. A generic as is, no rights release is not part of this draft.

## 5. Completion record and unresolved problems

Before handover the parties will compare VIN and identity/registration details, confirm cleared funds, complete the required official paperwork and identify any unresolved agreed condition. If authority, payment or a stated pre-handover condition cannot be confirmed, they will pause completion and document the issue rather than record a completed sale that did not occur. This draft does not invent a forfeited deposit or financing enforcement remedy.

The parties record actual handover in the receipt below. They will each retain the signed sale record, payment evidence, disclosures, inspection/search records and copies of official documents it is appropriate for them to keep. This record does not contain or require a driver-licence scan, SIN or banking credentials.

## 6. Law and notices

BC law and applicable federal Canadian law govern, subject to mandatory rights and competent court/tribunal jurisdiction. Notices go to seller@example.invalid and buyer@example.invalid, with actual receipt evidenced. No private arbitration, statutory-remedy waiver, automatic costs award or guaranteed court outcome is agreed. Amendments to the deal must be recorded and signed by both parties; this document does not override an official form's mandatory requirements.
